A-M GUTTER GUARD™

The Difference is in the DESIGN

EASY TO INSTALL IN NEW OR EXISTING GUTTERS

- Designed specifically for hidden hangers but works with all hangers
- Heavy gauge .018 - 100% aluminum will never rust
- Invisible from the ground
- Handles downpours
- Pest and weather (snow/ice) resistant
- Easy to install on new or existing gutters
- Does not install under shingles (voiding shingle warranty)
- Eliminates gutter clogging

How Do A-M GUTTER GUARDS Work?

Our unique bubbled filtration system allows rainwater to pass through our patent pending design while leaving debris to dry and blow away. Our maintenance-free design not only keeps debris from sticking; it promotes airflow from top and bottom allowing debris to dry and blow away in winds as low as 5 mph.

Buck•n•Ball

Manufactured in Pennsylvania by Reuben E. Fisher

Hours of Fun

For ages 5 and older

HOW TO PLAY...

Two or Four players

Object of the game:

Score a point by using the steel marbles to knock the game ball (foos ball) into your opponents goal.

First player to score 10 points wins.

RULES...

Start with the game ball (foos ball) in the center of the playing field. Each player gets 16 steel marbles.

You do not need to take turns. Drop the steel marbles down the chutes as quickly as you'd like. Tip: a well aimed steel marble will serve you well! Hold no more than four steel marbles in each hand at a time, but you can drop them as quickly as you like as you're reaching for your next handful of marbles from the marble tray.

For an extremely durable, high-tech liquid coating, there's no better partner to finish your products than Hentzen Coatings.

Our coatings are custom engineered by chemists and technical specialists who pursue solutions to corrosion, weatherability, aesthetics and durability. Hentzen is a single-source provider of high-tech liquid and powder coatings. Family owned since 1923, we are big enough to do most anything, yet small enough to care about you.

No matter what you are working in or on, Hentzen can finish it. Hentzen.com

"Employees detested dumping the barrels, sometimes letting them overfill and clogging the dust collector." Marlin Miller, IL

Dust Hoppers with Pneumatic Disconnect

4 yd. Iron Bull Hopper designed for a F450
Comia Dust Collector

Air powered lid is raised up while hopper
is removed to dump

- No more dealing with frustrating bands and clamps whenever you need to dump the hopper. Just flip the air switch.
- The top lid is powered by two air cylinders and seals on the hopper when lowered by the cylinders.
- Save time by quickly dumping a larger capacity hopper vs. emptying smaller bags or bins

**Developing community and
reducing poverty through
Christ-centered savings groups
and training programs.**

Are you weary of charity that results in dependency? Join us in teaching men to fish by creating local savings groups in Haiti, Latin America, Africa, and Asia. We invite you to partner with us to work alongside Anabaptist missions to help give a hand up to those in poverty.

Your donations provide the means to hire and train national Christians to form and mentor savings and credit groups in association with local churches. The group members are taught from a Biblical perspective how to save their own money to provide for their needs. They also make loans to each other and are taught how to use these loans to generate income through small businesses.

**Hand a man money, undermine his dignity.
Guide a man to save, rescue him from dependency.**

Help those in poverty help themselves!

Sponsor Bible-based stewardship and small business training for savings group members.

To donate, send your check to:
PO Box 180, West Milton, PA 17886.

Online donations accepted at openhands.org
Or give via phone at (570) 800-2123.

SALT Microfinance Solutions

A program of Christian Aid Ministries

How can you help those in need without creating unhealthy dependency?

The SALT Microfinance Solutions program was developed in response to this common question.

OUR TWO MAIN OBJECTIVES

- Help people discover sustainable ways to provide for their families.
- Model and teach a Biblical way of life.

Visit our booth to learn more about our work around the world.

Tech-Patch Repair Solutions

Tech-Patches are made of FVMQ and seals holes and cracks in pipelines, tanks, barrels and all other containers

Tech-Patches permanently seals holes and cracks in pipes, whether that pipe is PVC, copper, steel, ABS, galvanized, cast iron, even HDPE, the pipe of the 21st century. Plus, Tech-Patch permanently seal holes and cracks in metal and poly tanks, barrels and all other containers. Tech-Patches are impervious or highly resistant to oil, gas, all hydrocarbons, water and most common chemicals. Tech-Patches come in two and three millimeter thicknesses.

CANTILEVER RACKING

The Cantilever Rack system is designed to manage loads of varying length and proportion without any interference. Product can be completely accessible from the front without any of the horizontal restrictions of traditional pallet rack. The entire length of the cantilever rack may be used for storage. For added flexibility, loads of differing lengths may be stored on the same cantilever rack and even at the same level.

PALLET RACKING

We manufacture roll-formed Pallet Rack and structural rack to fit any warehouse storage requirement. Selective Pallet Racks are the main component of every warehouse storage system.

All Concentrated for Excellent
results mixed with Terra Char®

"We have been using Terra Char® in our fields, compost, and potting soils over the past 3 years in our Organic vegetable operation. While the benefits of biochar are many, we believe that most importantly, Terra Char® has increased microbial stimulation in all facets of our farm. We are able to make our compost faster, finish transplants sooner, and have seen productive gains in the field. I would strongly recommend Terra Char® to all growers."

— Will Brownback, Spiral Path Farm

DRIVE A BIO BUGGY HARNESS

ASK FOR "SHINY BIO" OR "DULL BIO"

USED BY AMISH HARNESS MAKERS SINCE

BIOTHANE usa

PROCLAMATION

Harness shops across Ohio, Pennsylvania, Illinois, Indiana and many other states have trusted BIO for over 40 years. When it comes to safety, quality and consistency, not a single claim can beat a BIO buggy harness. Come up for a visit and see how it's made for yourself.

With the help and knowledge of Amish makers, we have been manufacturing BIO harness webbing since 1977 right in Lorain County, Ohio.

You have choices with a BIO harness. Shiny is popular and so is the blacked leather (dull) look. Ask your shop to see the differences in our handy catalog.

Hand Crank Dump Trailer

This trailer is designed to operate with a hand crank or we can put a gas engine on it as well. If you have a load of firewood it's still easy to crank.

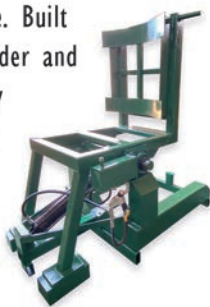

Mini Shop Dumping Dumpster

This little 4-wheeled shop dumpster fits the needs of woodworking, machine, or fabrication shops. Just throw in your wood or metal scrapes.

Coil Tipper

This unit is built for the future and needs no hydraulic or electrical system to operate. Built in hydraulic cylinder and needle valve. Very smooth operation and is easily controllable to minimize damage of your coils.

Round Bale Carrier

Designed to load and unload wagons or drop bales over frozen hay feeders. Newly improved with roller bearings on the spear that slides up and down on the rails, resulting in easier cranking.

We also manufacture welder & tool table carts, heavy duty coil racks, horizontal fork lift coil hooks, horizontal and vertical coil handlers, bridge crane coil racks, trim racks, horse drawn log skidders, concave slab conveyors, & trailer rolls for hauling.

✓ Community Designed

SAFE alternative to internet.

How do we overcome the challenges the internet creates for the community?

In today's world the internet is a tool businesses are almost forced to use. More and more things are going digital, creating complications for any other way of doing business. Companies all around us are taking advantage of all the benefits it can offer, and those who don't fall behind.

How do we overcome the risks that are connected to opening up your business to the open internet? How to we overcome how the internet is changing our way of life?

ARK is an all-in-one solution from the community.

ARK was developed to overcome those problems. Business people and ministers from the community planned and drew up an all-in-one solution to overcome the concerns that come with the internet. With ARK you can safely grow your business while being completely secure.

ARK gives you the ability to utilize the benefits of the internet without any of the risks. Secure your way of life and safely grow your business.

- ✓ Each business connects individually to ARK.
- ✗ No direct connection to the open internet.

What does ARK do for my business?

With ARK you are able to access secure sites without connecting to the open internet, along with many other features necessary to help you succeed.

Compatibility

- Secure Email
- Quickbooks
- Microsoft Office
- Adobe Reader
- CAD software

SYMBIZ NETWORK™

We were never meant to do life alone and that includes in business.

Every business leader needs an “inner circle” of camaraderie, accountability, and practical help. Without that, business challenges can quickly choke out our relationships with God, our family, and business associates. Even our personal wellbeing is at stake.

Symbiz Network facilitates peer groups, called Growth Rings, among the conservative Anabaptist communities. We have groups in Ohio, Pennsylvania, New York, Indiana, Illinois, Kentucky, Wisconsin, Iowa, and Missouri. Groups are carefully assembled so everyone can freely share and truly support one another. “I think Symbiz is going to be the single most powerful business and personal development tool out there,” said one Growth Ring member.

A seven-member board of Anabaptist businessmen and an executive director lead the Symbiz Network organization. The board consists of experienced businessmen who are farmers, marketing company owners, nonprofit leaders, house builders, and transporters who have each personally experienced the amazing blessings of a business peer group.

To make sure the meetings create worth for members, Symbiz Network provides meeting templates, facilitator coaching, and personal goal worksheets. Groups consist of book learning, goal setting, and accountability.

Book learning. Groups read one business book a month and then discuss it at their monthly meetings. “A lot of business books are secular, but they have good things we can apply. The network groups are a way of reading secular books in a safe environment,” explains Dale Savage

of Symbiz. “It keeps Anabaptists from having a secular mindset by discussing in groups what applies and what doesn’t.” Books are available for members at a 25% discount from Boon Books of Goshen, Indiana.

Goal setting. Goals can be as small as getting up as soon as your alarm goes off or spending more time with your family or losing a certain amount of weight. When you are disciplined in small goals, you will find you are more disciplined in other areas including business.

Accountability: Interconnected accountability with a larger overarching group helps harness the power of positive peer pressure. In fact, a larger network is one of the advantages of Symbiz. We have a network directory of all Growth Rings, and members have access to anyone in the directory across the network.

Growth Ring members receive two free passes to the Annual Business Summit every year. This one-day event is packed with high-value presentations, networking, and good food and fellowship.

If this resonates with you, consider joining a Symbiz Growth Ring. To learn more, call or text us at 800-394-7970 or email connect@symbiz.org. You can also learn more online at www.symbiz.org.

Petrochemical Weight Loss

There are two parts to this protocol. You have to use the Citrus Fresh/Ledum mixture to break up the fat. Then you need to take Grapefruit by capsule to digest what the Citrus Fresh/Ledum broke up. **First Part:** Put 10 drops of Ledum into a bottle of Citrus Fresh. Put the orifice reducer back on and dot the oil all over the areas you want to focus on and smooth the oil into your skin. **Second Part:** Put 20 drops of Grapefruit oil in a capsule, swallow it, doing this once per day (example: before bed). Saturating the cells with grapefruit oil is key so make sure you swallow 20 drops. The grapefruit capsule can be taken another time of day if easier, and is just once a day. The topical application of Citrus Fresh/Ledum may be done 1-3 times a day, applying on desired areas (example: stomach, etc.) For a 1 month supply, you will need:

- **Young Living Citrus Fresh Oil (15ml)**
- **Young Living Ledum Oil (5ml)**
- **Young Living Grapefruit Oil (15ml)**
- **Young Living 00 Capsules (250pk)**
(1 container, each holds 20 drops)
- **Young Living Cell-Lite Massage Oil**
(optional, great for skin, allows mixture go further)

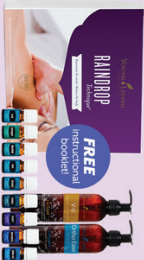

Raindrop Therapy Technique

One of Young Living's most popular collections. Contains nine essential oils (5ml) and two premium massage oils that rejuvenate the mind and balance the body. Testimonials include: alleviating muscle & nerve pain, encouraging detoxification of the body, and removal of toxins that like to live dormant along the spinal column. There have even been stories of it helping with scoliosis and inflammation reduction. It helps to improve circulation in the body, and strengthens the immune system. It helps with emotional well-being as it releases negative emotions that are subconsciously stored on a cellular level.

"It gave me such a sense of peacefulness and relaxation, I would love to do it again and definitely recommend it to anyone."

Aquamonics

Digital Water System

WATER WITH A PURPOSE

Are you concerned about your water

**CHANGE YOUR WATER,
THE WAY IT IS MEANT TO BE.**

*Aquamonics Digital Water System,
improving your water for animals,
plants and humans.*

- Units that treat the water for your entire home or farm
- A whole house water system
- Agricultural water System
- Commercial water System

When the body is hydrated properly, it has the ability to eliminate toxins more thoroughly, it is able to perform to a higher level and functions in a more perfect way.

*Aquamonics water assists the body to detoxify
Aquamonics water more thoroughly hydrates the body
Aquamonics water does not fix anything. Your body heals itself
when allowed through the presence of the right hydration*

It has an Anti-Scaling unit, here is how it works

We are using the combination of the Aquamonics water treatment with the addition of electrons to the water to create a condition where the minerals that traditionally create the problems of hard water and scaling are changed. Their chemical structure is reduced by the addition of these electrons. This creates desirable new conditions without the use of salt or chemicals and without the wasted water associated with reverse osmosis or ion exchange systems. Although the minerals are NOT removed from the water, the problems associated with their presence disappear.

Testimonial

I have installed an upgrade Aquamonics Digital unit (as it was time to refurbish our Talya unit). I had a rash on both of my feet, on either side of my feet and within 3 weeks the rash is almost gone on both feet. We had a problem with worming the pups, and they had loose stool or scours. We don't need to use as much antibiotics anymore and now it doesn't take as much wormer either, it isn't a battle like it was before. So now we have overall better puppy and human health. We would not want to be without it, I would recommend it to anybody and everybody. We had the same problem in 2014, before we got the unit. When we initially put the unit in everything cleared up. Thanks again Enos for an upgraded Digital Unit. Start with good water for good health.

VITAL HF NEXT GENERATION

"After working outside in the damp cold all day I woke up the following morning with a sore throat, high fever, and feeling very miserable overall. I thought for sure I was going to end up in the hospital. Then, Feel Good Nutrition dropped off a bottle of **Vital HF** and I started taking those. I couldn't believe how much better I felt the next day. I was back to work in 48 hours with no doctor or Hospital expense. Highly recommend."

Ningxia Red: The Top Anti-Oxidant Superfood!

**TO SUPPORT YOUR WHOLE BODY SYSTEM
IT'S THE BEST DRINK FOR YOUR FAMILY**

Testimonies for our Readers!

I have a friend here in San Antonio whose brother had glaucoma and was on all kinds of medications that were not working. They did two eye surgeries on him, but he still was having very high pressure readings. They said a third surgery could make his eyeball collapse, my friend had been talking about Young Living products for years. Finally, he agreed. Since drinking 6 ounces of NingXia Red daily his eye pressure has come down considerably

- Jackie

We also give our 5 month old son NingXia in his bottle.

We put 1 oz NingXia to 2 oz. water. He loves it! And we have a Happy Baby!

It Seems like I have more energy since using NingXia Red every day. I was able to stop taking my other multi-vitamins. The NingXia Red tastes a lot better.

DID YOU KNOW

A Raindrop massage travels fast from your spine to boost your Immune System. May support Viral/Bacterial infections, Pain,

Tight Muscles. This kit has a specific Essential Oils put together for your family needs.

See what our customers are saying

Raindrop Technique to the rescue! Wow! I'm impressed with Raindrop. Our 5 month old son was always stuffy-nosed and had a cough, he just couldn't get rid of it. Then a friend of mine said something about trying the Raindrop on him. We put 10 drops of each oil (that's in the Raindrop) in a roller bottle then filled it up with V-6 Vegetable Oil Complex. I did Raindrop on our son every hour. By the next day something amazing happened! My husband said I should change the baby's diaper. What I found in his diaper was all mucus! Sounds disgusting but it helped! No more stuffy nosed and no more coughing! Give God all the Glory!

Last July my lower back went out totally. I never experienced such pain before in my life. As a yoga teacher, I practice regularly and couldn't even do any simple poses, walk, sleep comfortable or sit. After a few sessions to the chiropractor I finally realized my only solution was a Raindrop.

My husband gave me a session and immediately the pain eased up, not totally, but it was the session again a few days later and was well on my way of healing. Looking back over those few weeks I realized the pain I experienced was due to some emotional trauma. I was releasing and know and truly believe the oils particularly in the Raindrop helped me tremendously. In fact, I continued putting Basil and Wintergreen on the area for several days.

INNER DEFENSE KIT

Includes:

INNER DEFENSE

"This is an awesome product! One night, I had a sore throat. I took one Inner Defense, and I bit it open (cause that usually helps the best). By morning, I didn't feel any sore throat anymore! And my boyfriend needed something for sore throat when he was here, so I gave him one and it really helped him also! So much that he asked for one again! The whole family needs it so, I keep it on hand!"

What else could I use for my sore throat? I tried about everything we had without success. I even went on an antibiotic with no good results. It just hung on for a long time and I didn't know what to do, until we received Inner Defense as a free gift. In 24 hours, my throat felt so much better, I was amazed!

RAINDROP TECH KIT

Top 10 USES FOR A RAINDROP

- Fever
- Lyme Disease
- Respiratory
- Stress/Nerves
- A Soothing Massage
- Back Pain
- Helps to Detox
- Flu
- Immune System
- May help in MS Epstein Bar Virus, Mono, Chronic Fatigue & more

We have seen great results with the Raindrop Technique on our Cystic Fibrosis children (with lung problems). We often substitute Eucalyptus Globulus for Wintergreen and Lavender for Aroma Size. We don't necessarily always do all massages for this (respiratory). Don't know what we'd do without these oils.

AIM COMPANIES HAS BEEN PROVIDING QUALITY NUTRITIONAL PRODUCTS SINCE 1982.

WHAT OUR CUSTOMERS ARE SAYING:

"Our 20-year-old son needs no reminders to take the FiberBlend. (Such a nice complexion!)"

"Our children started passing pinworms almost immediately!"

"We have spent THOUSANDS of dollars on different products, and nothing has ever worked as well as the AIM products."

"Our daughter and her husband had used Para 90 and Herbal FiberBlend. Saliva testing from a Florida lab showed NO parasites. The lab people said that 'never' happens."

Improve your digestion with *Maximizer*!

Maximizer is a plant enzyme supplement that contains 17 different types of digestive enzymes to aid in the pre-digestion of all the foods. This allows your body to use metabolic enzymes to do their vital work, rather than use them for food digestion.

Maximizer can help you maintain your body's natural enzyme levels and help you maximize your energy level, feel better and give you a much better chance of staying healthy and disease free.

Do you have a colicky baby?

In Rachel Weaver's book "Be Your Own Doctor" she recommends *Maximizer*.

"...Most serious baby colic has its roots in the mother's digestive system... Begin by strengthening your digestive system as much as possible... take a very good digestive enzyme before each meal."

Try *Maximizer* Risk Free!

We're confident that you'll be pleased with the results you receive with *Maximizer*. If you are not 100% satisfied, in any way, with *Maximizer*, simply return all bottles (opened and unopened) for a full refund of the product cost anytime within 90 days.

The Gut Health Triad

This is not just a band-aid. Let us help you get to the root cause of your problems.
REMOVE~ REPAIR ~ REBUILD ~ RESTORE YOUR GUT!

What our customers are saying:

I Have More Energy In The Morning
I canceled My Surgery (Has Diverticulitis)
I no longer need Thyroid Replacement
My Allergies Are Better
My Gut Feels Much Better
My Stomach Issues, Fatigue etc Have Greatly Improved
I Don't Get Sick As Easily Anymore
I Can Handle Stress A Lot Better

I have Less Cramps With My Cycle
I'm Losing More Inches Than lbs.
Love The Coffee
No More Headaches or Migraines
Feels Like My Inflammation Is Gone
No More Starving Between Meals
This Is Life Changing For Me

My bloating & inflammation went away. My cycle lasts 3 days instead of 7 now. I'm down 5 lbs. but the inches gone is the best part. I was able to decrease my thyroid medication after taking for 1 month. I feel less bloated & not near as sore. My wife really likes the new version of me when I drink healthy coffee. The celltides is the first nutritional product my whole family can take. I simply don't know what I would do without these products. I can eat dairy, and gluten without getting sick. I have a better bowel movement then I've had for years. I'm feeling more energized like I'm 20 years younger. In just 90 days my life completely changed with the Triad. I had a stomach ache right under my ribs for over 2 years and multiple doctors said everything looks good but it still hurt.

After taking the Triad for 5 months, I don't have any pain anymore.

**STEEL
BLUE**

Steel Blue's Trisole® Comfort Technology

Cushion your feet, knees, hips and lower back from day-to-day fatigue with Steel Blue's unique soling system. This provides a vital foundation that supports your whole body. Strategically placed pads made of high-tech PORON® are placed in the sole and under your foot's peak stress areas. This multi-density soling has been proven as much more effective in cushioning and absorbing shock than a standard footbed. When you wear your Steel Blue boots, you know you've got the best available foot technology that's backed by our 100% Comfort Guarantee.

Notes

[illegible]

Stonewood USA is offering a high-production **CUSTOM RETURN CONVEYOR SYSTEM** with a multi-direction receiving deck. The system offers three operational options:

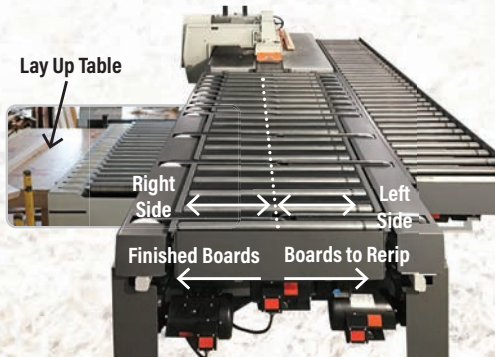

- 1 Return all boards to operator
- 2 Kick all boards to right side (none are returned)
- 3 Kick boards to right and left (return side)

***Reduces labor needs
from 3 to 2 workers!***

Option 3 has revolutionized the complete panel shop flow cycles. It absolutely works great!

One person feeds the rip saw and returning only board that need to be re-ripped. The finish cut boards kick to the right side where the lay up person is stationed. This person, once the panel is layed up, will set panel/boards on the conveyor (on edge). The conveyor then transport the panel/boards thru the glue conveyor and to await placement in the clamp carrier.

This is normally a three-person system, reduce to just two. With our system, there are as little contact with the boards as necessary. Truly a highly efficient system to process and glue up panels!
